TERMS OF ACCEPTANCE

When a patient seeks chiropractic healthcare and we accept a patient for such care, it is essential for both to be working towards the same objective.

Chiropractic has only one goal. It is important that each patient understand both the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

Adjustment

An adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our chiropractic method of correction is by specific adjustments of the spine.

Health

A state of optimal physical, mental, and social well-being, not merely the absence of disease or infirmity.

Vertebral Subluxation

A misalignment of one or more of the 24 vertebra in the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We only offer to diagnose either vertebral subluxations or neuro-musculoskeletal conditions. However, if during the course of a chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis, or treatment for those findings, we will recommend you seek the services of another healthcare provider.

We do not offer advice regarding treatment prescribed by others. OUR ONLY PRACTICE OBJECTIVE is to eliminate major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations. However, we may use other procedures to help your body hold the adjustments.

I, _____ have read and fully understand the above statements. (Print Name)

Consent to evaluate and adjust a minor child

I, _____ being the parent of legal guardian of _____ have read and fully understand the above terms of acceptance and hereby grant permission for my child to receive chiropractic care. All questions regarding the doctor's objectives pertaining to my/ my child's care in this office have been answered to my complete satisfaction. I therefore accept chiropractic care on this basis.
